

G SHOE FACTORY TIED UP. HER LOVER DECEIVED HER. SHE MET THEM IN THE BATH.

Five Hundred Men in Weichert's Williamsburg Shop Strike.

The Trouble is Over the Turners, Who Wanted Higher Wages.

The turners employed in the wholesale factory of J. Weichert, 26, 28 and 30 Beamer street, Williamsburg, are locked out and the rest of the men in the factory are out on strike to help them.

On Saturday the turners made a demand for an increase of from 2 to 6 per cent. per pair, and threatened to strike if refused.

The firm found that to accord the increase would mean \$100 a day more in the running expenses of the shop, so the initiative was given to the men last night.

The remaining employees to the number of 100 held a mass-meeting last evening at 5 Beamer street, and voted to go out in sympathy with the strikers.

J. Weichert, senior member of the firm, denied to an *EVENING WORLD* reporter that there was any strike in the firm, and stoutly maintained this general denial refused to make any statement whatever.

William Meyer, one of the strikers said: "We are men who work in the shop. We can make as much as 25 per cent. if we only make 5 and 6 per cent. For every pair of shoes we are allowed 35 cents, and it costs us 25 cents to produce them."

The girl said that it discharged she had no place to go. Justice Walsh committed her to the Penitentiary for six months.

JEALOUS OF A POLICEMAN.

Powson Beats His Wife for Walking with Archer.

The Court Sympathized with Both Husband and Officer.

Special Policeman Fred Archer, of Williamsburg, has had attention drawn to him by his addled intentions to a pretty woman.

Mrs. Isabella Powson, who said she lived on Franklin avenue near Oak street, appeared in the Lee Avenue Police Court this morning as complainant against her husband, Edward Powson, of 281 Heidiwood.

She charged her husband with brutally beating her on several occasions, and said he would be satisfied if the law would compel him to leave her alone.

For some time this couple have not lived together. A few months ago, the husband says, he met his wife walking on Bedford avenue arm in arm with Special Policeman Fred Archer.

He complained the law at the time, as soon as his wife was away from such protection, he gave her a beating and, it is alleged, has at intervals repeated the same since.

Archer Goetting told the prisoner that he must not beat his wife because he finds her in the Lee Avenue Police Court, and, it is said, the money had been stolen from Mr. W. Williams, a cigar dealer, of 311 Court Street.

Fighting the Franchise Grab.

Attestation of the motion for a temporary injunction restraining the Union Railway Company of Brooklyn from proceeding under the franchise granted by the Board of Aldermen and Supervisors was adjourned to-day, to the first Tuesday in September, to give the corporation time to negotiate with the administration, the officers are not half bad when out of uniform.

MORE TO BE INVESTIGATED.

This Latest Mishap at Flatbush Rouses the Commissioners.

The Brooklyn Commissioners of Charities and Correction will at their meeting tomorrow make a thorough investigation in the case of William Walker, the Kings County Hospital patient who jumped from the veranda of the third story of that institution on Thursday morning last. Walker now lies in a precarious condition, and Supt. Jesse T. Durges says that the shock from the fortysix foot fall, coupled with Walker's other ailments, will undoubtedly result in his death.

President Gott, of the Board of Charities, said there are rules enough for the Kings County Hospital to prevent these very unnecessary accidents. It only remains to the effect that he had promised Mr. Cleveland to do all he could to see that justice will run smoothly. This case of Walker is clearly an instance of laxity on the part of the night nurse, and it will be thoroughly investigated.
